Order Directions: Please write the quantity needed under the appropriate price for each product. For example, if you were to order six of the SLCD-2X16-BL, you would write the number 6 in the grid under the "28.50". Then, if you were to order three of the SLCD1-PCB, you would write the number 3 in the grid under the "15.50". In this example, the total would be \$217.50 and you would write that amount in the "Order Total" area to the lower-left of this form.

Shipping: We do not mark up our shipping charges with hidden fees. We ship most orders via USPS Priority Mail. Larger orders will usually be shipped via UPS. Most of the time, we can ship up to 50-100 LCDs in a flat-rate box for \$8.95. If you have a small order consisting of a few LCDs or a few dozen of the controller ICs, we can usually ship that for \$4.60. If you need a quote on the shipping charge, please make a note on this form and we will contact you before processing the order.

Minimum Order: The only handling charge that we have is a \$5.00 charge for any orders with a merchandise total of less than \$20.

Order Total: _____ + shipping
 (Add \$5.00 for orders less than \$20.00)
